# GOAL

To create a collaborative platform where game developers and reviewers can work together to evaluate and refine characters, ensuring they are more inclusive and free from racial or gender stereotypes.

# ABOUT

Our platform is a collaborative space that helps game developers create more inclusive and authentic characters. It allows developers and reviewers to share feedback, discuss representation, and refine character designs and narratives to reduce racial and gender stereotypes. By encouraging open collaboration and diverse perspectives, the platform supports the creation of games that reflect real-world diversity with respect and depth.

# HOW TO USE

**Upload Your Character:** Designers share character profiles, dialogue, or storylines for feedback.

**Invite Reviewers:** Connect with reviewers who offer insights to make characters more inclusive.

**Earn Recognition:** Reviewers receive badges and appreciation from designers for their feedback.

**Collaborate & Grow:** Exchange ideas and be part of a community shaping inclusive games.

**Create Impact:** Redefine how diversity and representation are portrayed in gaming.

# Reflect. Review. Redesign
